- A.M. Landmark MBC Berryville
- Fayetteville Assoc. - Solid Rock MBC Bentonville

Sun. Oct. 25th
- A.M.: Redfield MBC Redfield

The afternoon speaker for the Clark/Pike association meeting is called from the floor. I was humbled that the messengers chose me to deliver the afternoon sermon.

I am so thankful that my family is able to travel with me most Sundays, and it thrills my heart to see JD eagerly want to participate wherever we go. At Redfield MBC, he joined the kids to sing The Wise Man Built His House Upon The Rock.

October Update

In October, we attended seven local association meetings, visited three churches, and traveled 1900+ miles, and we serve a great God who protects us every step of the way! Attending local association meetings brings about many opportunities to say thank you to the churches that make Arkansas State Missions possible. Without local churches faithfully giving every month, our association would not be able to financially support missionaries' salaries on a monthly basis. We are so grateful for the 90+ churches that give on a regular basis to help advance the Gospel across the State of Arkansas.

Looking Ahead

After a very busy September and October spent attending local association meetings, November brings a welcome, slower pace. If you would like me to come and share about the great mission work taking place in Arkansas at your church, mission rally, missions conference, etc., please get in touch with me using the information below. As of this writing, I have 1 available Sunday in December, and I am now scheduling appointments for January and February 2027 and beyond.
