

Arkansas State Missions

December/January Report

Hello brethren, I pray that you all had a great holiday. I know that things have been a little hectic on my end. The following report is for the last two months combined.

We have not been meeting our monthly budget since the November meeting. Our budget is \$22,850.00. We currently bring in on average \$15,000 a month. That leaves us with close to a \$7,850 monthly deficiency since our annual meeting. Please take the time to encourage churches to give towards missions. I will be sending out a letter to our churches with the May Mission goal to inform them of this. Please pray with me over this.

Reports from the missionaries from the past two months:

Alejandro Moreno:

Bro. Moreno is getting the mission started. In December, they did an evangelism outreach and contacted 270 homes. They also report **THREE** professions of faith. He was paid \$5,000 each month.

Will Diggs:

Bro. Diggs got things kicked off in December by hosting a neighborhood Christmas party. They had twenty-two in attendance. He made twenty-one home visits during the month. They were able to move to their target area in November. He was paid \$5,000 each month.

Jesus Gabriel:

Bro. Gabriel reports ONE soul saved in November. He reported five joined by letter. He reported two more joined by letter in December. He collected \$135 in November and \$0 in December. He was paid \$4,865 in December and \$5,000 this month.

Micah Deaton:

Bro. Deaton reports one addition by letter over the holiday season. He had an average of sixty-five through November. Many of his folks were traveling in December and things settled back down into the fifties. He was paid \$5,000 in December and this month reports \$200 collected. He will be paid \$4,800.

Joel Hernandez:

Bro. Hernandez reports they have moved back to the Jones Center and are meeting on Sundays for Sunday School and Worship services. They had five visitors that continue to attend the services. They are continuing to look for a more permanent location. He was paid his partial salary of \$2,850.00 each month.
